[2014-11-24 Meeting M and S Fee Minutes](#) 

Welcome and call to order. Dr. Deborah Breiter, chair, welcomed the committee and guests. The minutes of the last meeting were reviewed and approved unanimously with no changes.

Review of Graduate Equipment Fee Requests. All equipment fees were reviewed and approved for the following programs. A question was raised by the College of Engineering and Computer Science (CECS) regarding the fees for the Computer Science MS & PhD and the Digital Forensics MS programs. The form requests that the equipment fees be calculated on the fall semester. The CECS indicated that they would prefer the figures be calculated as an average of all 3 semesters and not only on the fall semester. They indicated that an average of all 3 semesters would better reflect their overall fee amount more accurately. A suggestion was to compare our form with the UG form. The committee suggested that the college send Graduate Studies a recommendation regarding their concerns and request changing the form to reflect an average of all 3 semesters for the next year. The committee would also like to see a place on the form where the current fees for the program could be listed. For the Political Science, Security Studies, and Sociology equipment requests, the fees were split among the three programs based on each program's usage of the lab.

- Computer Science MS and PhD – CECS
- Computer Engineering MS and PhD – CECS
- Digital Forensics MS – CECS
- EI Engineering MS and PhD – CECS
- Materials Science and Engineering MS and PhD – CECS
- Political Science MA – COS
- Security Studies PhD – COS
- Sociology PhD-COS

Materials and Supplies Fee Requests. All fee requests were approved with no changes. Any course fee requests that contained both dollar and cents would be rounded to the nearest dollar. To review a list of approved course fees, please see the attached course fee minutes.

Adjournment. The meeting adjourned at 1:00 pm. The next meeting is scheduled for December 8.
